With a dedicated and professional team, we offer a wide range of services, including Construction civil works, A/C supply, installation, maintenance, painting, glass work partition, plumbing, cleaning, and more.

"Do things at your own pace.
Life's not a race."

VISION

At SPGC Construction, our vision is to be the unequivocal leaders in the construction industry, renowned for our unwavering commitment to excellence, innovation, and sustainable development. We envision a future where our projects not only stand as architectural marvels but also serve as catalysts for positive change in the communities we touch. Our foresight extends beyond brick and mortar - we aim to shape environments that foster harmony, efficiency, and a sense of belonging. By pushing the boundaries of construction norms, we aspire to redefine the standards of craftsmanship and elevate the overall construction experience.

CORE VALUES

At SPGC, our core values form the foundation of our success.

👉 Integrity:

We uphold the highest standards of honesty and transparency in all our dealings, fostering trust with clients, partners, and employees.

👉 Quality:

Committed to excellence, we ensure that every project reflects craftsmanship and durability, meeting or exceeding industry standards.

👉 Innovation:

Embracing cutting-edge technologies and creative solutions, we continually strive to enhance our construction processes and deliver superior results.

👉 Safety:

The well-being of our team and stakeholders is paramount. We prioritize rigorous safety measures to create secure work environments.

MISSION STATEMENT FOR SPGC CONSTRUCTION: PIONEERING EXCELLENCE IN LINE WITH VISION 2030 KSA

At SPGC Construction, our mission aligns seamlessly with the transformative goals set forth by Vision 2030 KSA. Our commitment is to be at the forefront of shaping a progressive, sustainable, and innovative construction landscape that mirrors the aspirations of Saudi Arabia's Vision 2030.

- 1. Sustainable Development:** Our mission is to contribute significantly to Vision 2030's commitment to environmental sustainability. We strive to integrate eco-friendly practices and cutting-edge technologies into our projects, ensuring that each construction not only meets the highest standards but also minimizes its ecological footprint.
- 2. Innovation and Technology Integration:** We are dedicated to driving innovation within the construction sector, in line with Vision 2030's emphasis on technological advancement. Our mission is to consistently adopt and implement state-of-the-art construction methodologies, materials, and digital solutions that enhance efficiency, safety, and overall project excellence.
- 3. Local Empowerment and Skill Development:** SPGC Construction is on a mission to contribute actively to Vision 2030's goal of nurturing a skilled and empowered local workforce. Through training programs, knowledge transfer initiatives, and job creation, we aim to empower Saudi talent, fostering a sustainable and thriving construction industry.
- 4. Community Engagement and Social Responsibility:** Our mission extends beyond construction sites; we are dedicated to uplifting the communities where we operate. By actively participating in social responsibility initiatives, we aim to contribute to Vision 2030's objective of building strong, vibrant communities that enhance the overall quality of life for residents.
- 5. Excellence in Project Delivery:** SPGC Construction is resolute in its mission to deliver projects of unparalleled quality and value. By adhering to the highest standards of craftsmanship, safety, and efficiency, we strive to contribute to the economic diversification outlined in Vision 2030, making significant strides towards a thriving and resilient national economy.

As we forge ahead with our mission, SPGC Construction remains unwavering in its dedication to support Vision 2030 KSA, actively participating in the nation's journey towards a prosperous, sustainable, and diversified future.

CUMMMUNITY ENRICHMENT

Community Enrichment:

Beyond construction, our mission extends to contributing positively to the communities we serve. We engage in outreach programs, skill development initiatives, and sustainable community projects, aiming to uplift and empower those around us.

In essence, our mission is to be the construction partner of choice, recognized for integrity, innovation, and delivering projects that not only meet but exceed expectations. Together, we build not just structures, but enduring legacies that shape the future.

VENDOR APPROVED

Approved Vendor for Major Industry Leaders:
SPGC holds the prestigious status of being an approved vendor for Saudi Aramco, SABIC, NEOM, Saudi Electric Company, Larsen & Toubro, and Red Sea Company.

Strategic Partnerships:
Our strong partnerships with these industry giants showcase our commitment to delivering high-quality products and services that meet and exceed their rigorous standards.

APPROVED VENDOR LETTER

Saudi Aramco E-Reference No. 0008317

Registration Approval Letter

January 29, 2024

Attention : SKILL PROFESSIONAL CONTRACTING COMPANY

CR Number : 4030512216
Supplier Type: Service Provider Only
Country : Saudi Arabia

We are pleased to inform you that SKILL PROFESSIONAL CONTRACTING COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10112128, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

Wind Turbine Generators

Skilled Professional General Contracting takes pride in being a leader in wind turbine generator installation. We're dedicated to harnessing the power of clean, renewable wind energy for a brighter future.

From concept to completion, SPGC offers comprehensive wind turbine generator services:

Site Assessment & Planning: Our experts meticulously evaluate wind patterns and topography to identify the optimal location for maximum energy production

Foundation & Tower Construction:

We utilize robust engineering practices to construct solid foundations and towering structures that can withstand harsh weather conditions.

Turbine Selection & Procurement:

We source high-quality, efficient wind turbines from leading manufacturers to best suit your project requirements.

Installation & Commissioning:

Our skilled technicians meticulously handle the safe and efficient installation and commissioning of wind turbine generators.

Maintenance & Support:

SPGC offers ongoing maintenance services to ensure your wind turbines operate at peak performance for years to come.

ROAD INFRASTRUCTURE & UPGRADE

SPGC is a leading provider of comprehensive road infrastructure and upgrading services, dedicated to creating safe, efficient, and sustainable transportation networks. We understand the critical role roads play in connecting communities, facilitating economic growth, and promoting overall well-being.

SPGC offers a full spectrum of services to meet your road infrastructure needs:

- **New Road Construction:** From initial planning and design to high-quality construction, we build new roads that are durable, functional, and meet the highest safety standards.
- **Road Upgrading & Rehabilitation:** We breathe new life into existing roads, implementing innovative techniques to extend their lifespan and improve traffic flow.
- **Bridge & Tunnel Maintenance & Repair:** Our team of experts ensures the structural integrity and functionality of bridges and tunnels, keeping transportation routes safe and reliable.
- **Traffic Management & Safety Solutions:** We prioritize safety by implementing effective traffic management plans and incorporating cutting-edge safety features in road design.
- **Sustainable Practices Integration:** SPGC is committed to environmentally conscious practices, incorporating sustainable materials and techniques into our projects.

ASPHALT LINES FOR ROADS & LAGOONS

Introducing SPGC LLC, your premier choice for impeccable asphalt solutions. With a proven track record of 15 years, we excel in asphalt paving, resurfacing, and maintenance for roads, driveways, and parking lots. Our dedicated team combines advanced techniques and high-quality materials to ensure smooth, durable, and visually appealing asphalt surfaces.

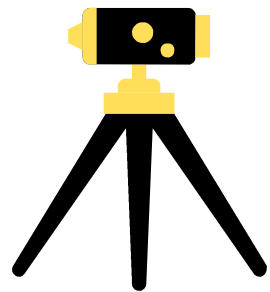

LAND SURVEY & GPS SERVICES

Welcome to SPGC, your trusted partner for comprehensive land survey solutions. With a commitment to precision and excellence, we specialize in delivering top-notch surveying services tailored to your unique needs.

Expertise:

Our team of skilled surveyors brings years of experience and expertise in land surveying. From boundary surveys to topographic mapping, we provide accurate and reliable data to support your projects.

LAND SURVEY & GPS SERVICES

Services: Boundary Surveys:

Defining property lines with precision to avoid disputes and ensure compliance. Topographic Mapping: Detailed maps capturing the physical features of your land for informed decision-making. Construction Surveys: Facilitating seamless construction projects through meticulous surveying and layout services. FIRE FIGHTING SERVICES

Fire Fighting Services by SPGC Construction:

Safeguarding Structures, Ensuring Safety At SPGC Construction, our commitment to safety extends beyond the initial phases of construction. Recognizing the paramount importance of fire safety, we offer comprehensive Fire Fighting Services to safeguard structures and protect lives.

1. Expert Consultation:

Our experienced team begins by conducting thorough assessments of construction sites, identifying potential fire hazards, and devising strategic fire prevention measures. We provide expert consultation to ensure that every project adheres to the highest safety standards.

2. State-of-the-Art Fire Suppression Systems:

SPGC Construction integrates cutting-edge fire suppression systems into the fabric of each building. From advanced sprinkler systems to state-of-the-art fire extinguishers, our installations are meticulously designed to detect and control fires swiftly, minimizing damage and ensuring the safety of occupants.

3. Emergency Response Planning:

Preparation is key. Our Fire Fighting Services include the development of comprehensive emergency response plans tailored to each project. Through regular drills and training sessions, we empower building occupants with the knowledge and skills needed to respond effectively in the event of a fire emergency.

4. Compliance with Regulations:

SPGC Construction remains steadfast in ensuring that all fire safety installations and protocols comply with local and international regulations. Our commitment to regulatory compliance is a testament to our dedication to creating not just structurally sound buildings but also secure environments for all.

5. Ongoing Maintenance and Inspections:

Fire safety is an ongoing commitment. SPGC Construction provides regular maintenance and inspections of fire safety systems to guarantee their optimal functionality. This proactive approach ensures that the systems are always ready to respond effectively when needed.

By choosing SPGC Construction for Fire Fighting Services, clients can be confident that their projects are equipped with the latest in fire safety technology and adhere to the highest industry standards. Our dedication to safety extends beyond construction completion, fostering environments where occupants can thrive with confidence and security.

VRV INSTALLATION

Our VRV system, a multi-split type air conditioner for commercial buildings, allows for individual zone control in each room and floor of a building. With variable refrigerant flow control developed by Daikin, we ensure superior comfort and energy efficiency.

Petrol Station

Construction Services:-

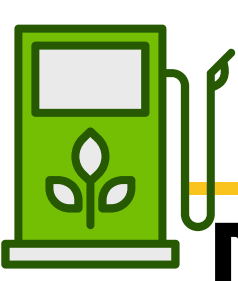

Welcome to our world of innovation and excellence in petrol station construction. At SPGC we take pride in delivering cutting-edge solutions that redefine the standards of petrol station development.

 Expertise:

Our dedicated team possesses a wealth of experience in designing and constructing state-of-the-art petrol stations. We specialize in creating efficient and visually appealing structures that meet industry standards and regulations.

PETROL PUMP CONSTRUCTION SERVICES

Design

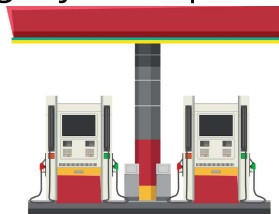

Our team of experts will work with you to design a petrol station that meets your specific needs and requirements. We use the latest technology and software to create detailed 3D models and renderings of your petrol station.

Construction

We provide turnkey solutions for petrol station construction, including excavation, installation of underground product storage systems, installation of all pipework dispensing equipment and systems, and more

Compliance Assurance:

Our construction services prioritize safety and compliance with local regulations, ensuring your petrol station meets all necessary standards.

Custom Design:

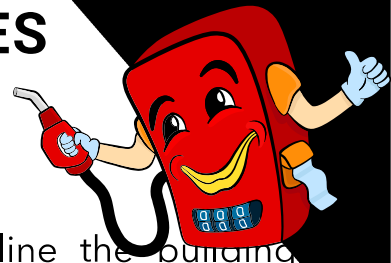

Tailoring designs to match your brand identity while maximizing functionality and customer convenience.

Environmental Considerations:

Incorporating sustainable practices and technologies for environmentally friendly petrol stations.

PETROL PUMP CONSTRUCTION SERVICES

Technology and Innovation:

We leverage the latest construction technologies to streamline the building process, ensuring efficiency, cost-effectiveness, and high-quality outcomes.

Scope of Services:

Whether you are establishing a new petrol station or renovating an existing one, our comprehensive services cover planning, design, construction, and project management.

Why Choose SPGC :-

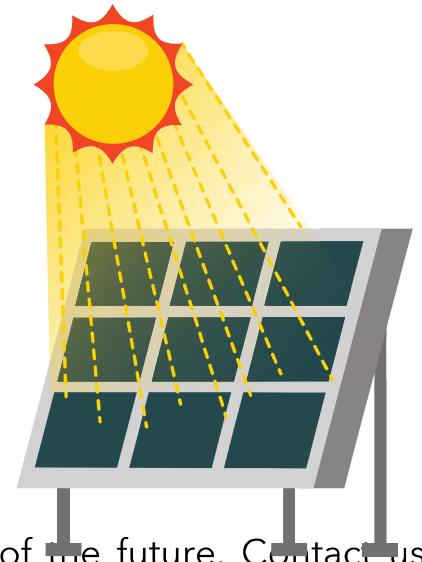

Proven Track Record of Numerous successful petrol station projects delivered on time and within budget.

Client-Centric Approach:

Your vision is our priority, and we collaborate closely with you to bring it to life. Innovation: Embracing the latest trends and technologies to create modern and efficient petrol stations.

Industries Served:

-  Oil and Gas
-  Retail
-  Commercial
-  Real Estate
-  Transportation

Contact Us:

Let SPGC be your partner in crafting the petrol station of the future. Contact us today to discuss how our construction services can elevate your project to new heights

TURN KEY VILLAS

SPGC is working Seasoned real estate professional specializing in turnkey villa developments. Passionate about creating luxurious living spaces within scenic landscapes. Proven track record of managing end-to-end villa projects from design and construction to interior finishing.

DUCT BANKS & CABLE TRENCHES

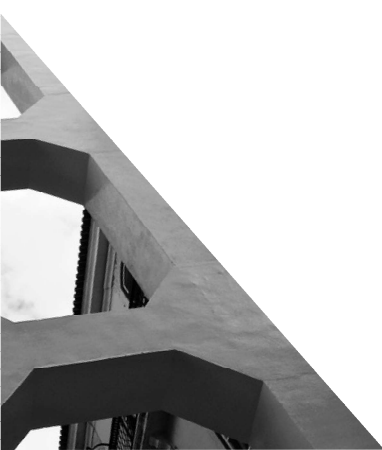

SPGC is seasoned civil engineer specialized in planning and overseeing duct bank and cable trench projects. Proficient in designing efficient pathways for utility cables while considering safety and accessibility. Experienced in coordinating with utility companies, contractors, and regulatory agencies to ensure compliance and timely completion.

Main Hole & Underground Water Tanks

Experienced engineer specializing in the design and installation of main holes and underground tanks. Proficient in creating efficient and accessible solutions for wastewater management and storage. Skilled in collaborating with teams to ensure proper construction and adherence to environmental regulations. Dedicated to delivering reliable infrastructure that contributes to sustainable urban development.

CATHODIC PROTECTION FOR UG METALLIC

SPGC LLC is a leading provider of construction solutions. With expertise in Cathodic Protection for Underground Metallic Structures, we ensure the longevity and integrity of your assets. Our skilled team designs and implements cutting-edge protection systems, safeguarding against corrosion and enhancing structural durability. Using advanced technology and industry best practices, we deliver cost-effective solutions tailored to your project's needs. Partner with us to secure your underground metallic structures for a sustainable future.

CAR PARKING SHADES

SPGC is your premier choice for Car Parking Shades construction & specialize in design and installing innovative shading solutions that offer protection from harsh weather conditions while adding aesthetic value to your space. Our experienced team ensures seamless project execution, utilizing high-quality materials to create durable and stylish car parking shades. With a commitment to excellence and customer satisfaction, we transform open spaces into functional and appealing sheltered areas. Choose Pantox Impex LLC for expertly crafted car parking shades that combine practicality and elegance effortlessly.

PROJECTS INDUSTRIAL FABRICATION SERVICES

Discover excellence in Projects Industrial Fabrication Services with SPGC LLC. Our dedicated team brings a wealth of experience to every project, offering precision fabrication solutions for diverse industrial needs. From custom equipment and structural components to complex assemblies, we deliver top-notch quality with a focus on efficiency and durability. With state-of-the-art facilities and a proven track record, we are your trusted partner for turning concepts into reality.

CHILLED WATER SYSTEM

As a trusted supplier of water chillers, SPGC offers a comprehensive range of solutions for domestic, industrial process cooling, and specialty HVAC systems. Our water chillers provide unparalleled cooling capacities, allowing you to select the perfect chiller to meet your needs.

TILE FLOORING INSTALLATION

Enhance the aesthetics and functionality of your space with our expert tile flooring installation services. We specialize in installing a wide range of tiles, including stone and ceramic, which are ideal for use with underfloor heating systems. Our skilled craftsmen ensure precise and durable installations that add beauty and provide efficient heat transfer for maximum comfort.

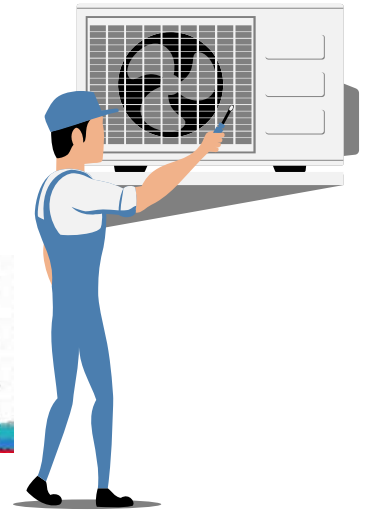

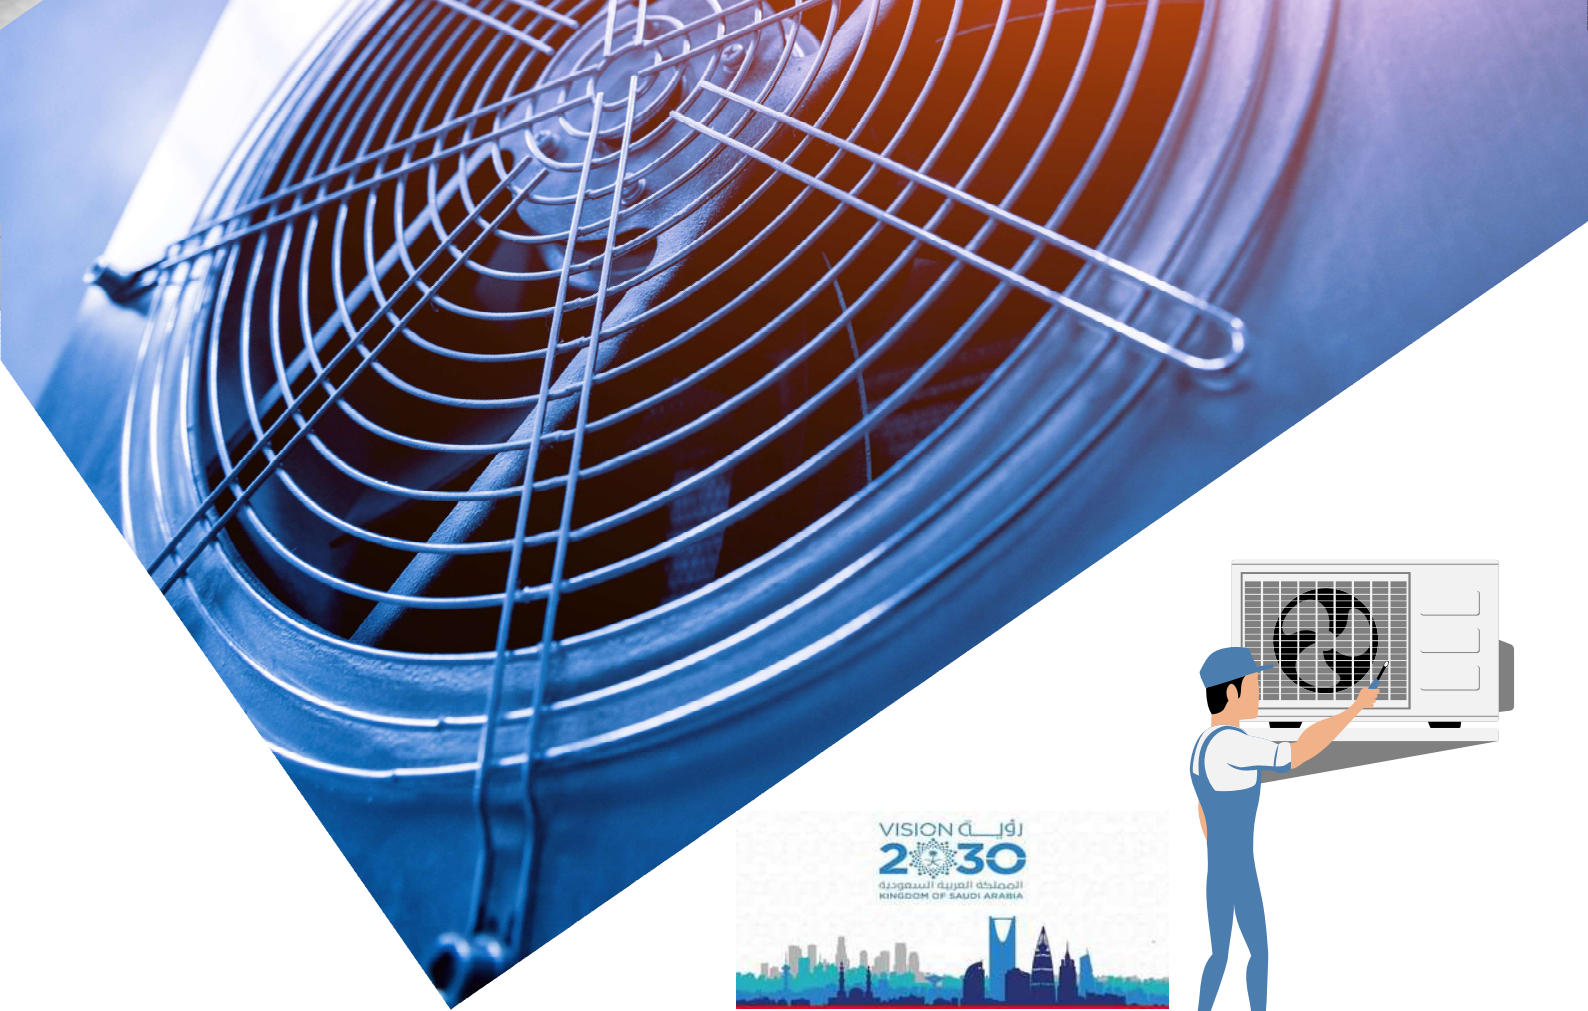

AIR BALANCING SYSTEM & CERTIFICATIONS

HVAC system hinges on precise air balancing. Our expert technicians utilize advanced methods to harmonize airflow within your ducting system, guaranteeing uniform distribution of conditioned air. This meticulous approach not only enhances comfort but also maximizes energy efficiency. Through strategic adjustments, we optimize air circulation, preventing hotspots and promoting consistent temperatures throughout your space. Trust our skilled professionals to fine-tune your system, resulting in improved overall functionality and reduced energy costs. We pride ourselves on delivering unparalleled expertise to ensure your indoor environment remains comfortable and cost-effective. Experience the benefits of a precisely balanced HVAC system with our dedicated team.

CHEMICAL FLUSHING & 3RD PARTY TESTING

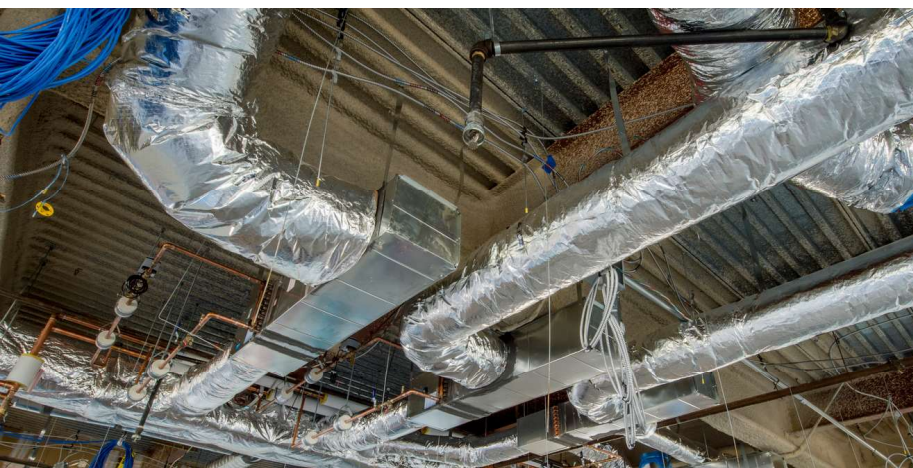

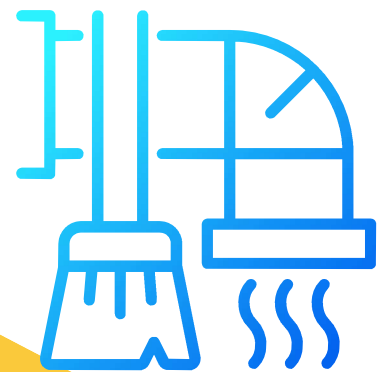

We offer chemical flushing services for your HVAC systems to ensure the highest performance and efficiency standards. This process helps remove contaminants, debris, and scale buildup, optimizing the overall operation of your equipment. Additionally, we provide 3rd party testing services to verify and validate the effectiveness of your systems, ensuring compliance with industry standards and regulations.

G.I & P.I DUCTING INSTALLATION SYSTEM

We offer expert installation of G.I. (Galvanized Iron) and P.I (Pre-Insulated) ducting systems. Our skilled technicians will ensure a precise and efficient installation, providing you with a reliable and high-performance ducting system. Proper ducting is crucial for adequate ventilation and air distribution, and we strive to deliver optimal solutions tailored to your specific requirements.

VENTILATION SYSTEM

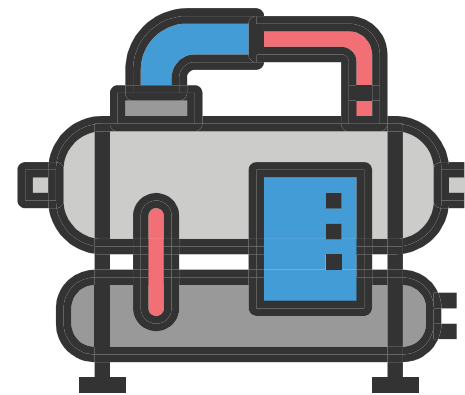

We specialize in designing and installing ventilation systems that ensure adequate air circulation and fresh air supply in your premises. Our expert team will assess your needs and create a customized ventilation system that meets all relevant safety and regulatory standards. With our solutions, you can maintain a healthy and comfortable indoor environment for occupants.

CIRCULATION CHILLER SYSTEM

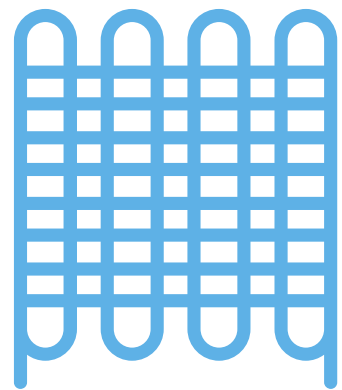

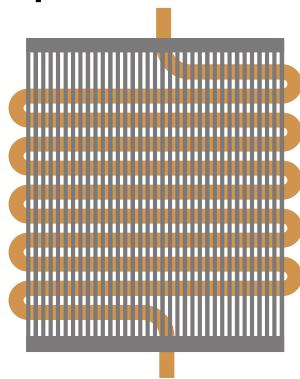

Designed for reliability, flexibility, and ease of use, our circulation chiller systems have gained a reputation for delivering dependable cooling solutions across various industries. Whether you need cooling for heating process applications or other specific requirements, our i of water chillers is trusted throughout the Middle east for their efficiency and performance.

COIL TYPE CHILLER SYSTEM

Our coil-type chiller systems provide efficient cooling solutions for various industrial processes, including plastics processing, thermal spray, printing, oil cooling, and pharmaceutical processing. These systems are designed for reliability and are suitable for applications where direct expansion systems are not practical.

PLUMBING WORKS

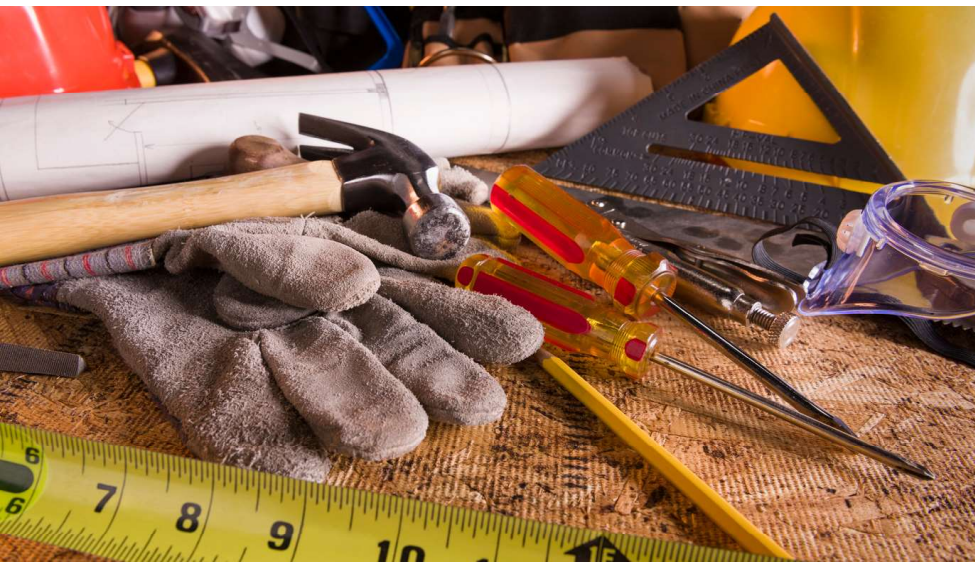

Experience reliable and efficient plumbing services from SPGC LLC, Our expert plumbers can handle all your plumbing needs, from repairs to installations. With a minimum six-month guarantee on all our services, you can have peace of mind knowing that your plumbing system is in capable hands.

CARPENTRY WORKS

Our trade-accredited carpenters are ready to assist you with all your carpentry needs. Our skilled team provides high-quality workmanship for emergency repairs or full kitchen installations. Every job we undertake has a minimum six-month guarantee, ensuring you receive top-quality results.

ROAD PROJECT SHARMA

Sharma to Tabuk Road Upgrade (Sections 1 & 2)

SPGC Group is proud to be leading the significant upgrade of Sections 1 and 2 of the Sharma to Tabuk Road, a critical transportation artery in Saudi Arabia. This project is transforming the region's infrastructure, enhancing safety, and promoting economic growth.

Project Scope:

30 Kilometers of Roadworks: SPGC Group is overseeing the construction of 30 kilometers of improved roadways, including:

- Widening existing single carriageway to a dual carriageway.
- Building a new, separate road alongside the existing one.
- Reconstructing existing median, U-turns, and junctions.

Benefits of the Upgrade:

- Improved Connectivity: The wider, dual carriageway will significantly improve traffic flow and reduce travel times between Sharma and Tabuk.
- Enhanced Safety: Modern safety features will minimize accidents and create a safer driving experience for all users.
- Economic Growth: The improved road will facilitate the movement of goods and services, fostering economic activity in the region.
- Infrastructure Development: The project contributes to the overall development of Saudi Arabia's transportation infrastructure.

FLYOVER PROJECT

TABUK / MADINA

Tabuk Medina Expressway Flyover at Old Medina Road: A Transportation Landmark

The Tabuk Medina Expressway Flyover at Old Medina Road is a transformative infrastructure project revolutionizing travel between these two major Saudi Arabian cities.

Enhancing Connectivity and Efficiency:

- **Reduced Traffic Congestion:** The flyover significantly reduces traffic congestion on Old Medina Road, a previously busy and often gridlocked route.
- **Faster Travel Times:** Travelers can now enjoy a smoother and faster journey between Tabuk and Medina, saving valuable time.
- **Improved Safety:** The flyover eliminates traffic light intersections and provides dedicated lanes for safer and more streamlined travel.
- **Economic Growth:** The improved travel efficiency is expected to boost economic activity in both Tabuk and Medina.
